

MUHAMMAD WAQAS IQBAL

AI | Web Developer | Software Engineering Student

About Me

I am a Computer Science student with a strong interest in Artificial Intelligence, Web Development, Data Science, and Software Engineering. I have hands-on experience in HTML, CSS, Bootstrap, SQL, and basic AI tools. I am passionate about building responsive web applications and intelligent systems. My goal is to develop scalable solutions and grow as a software and AI professional.

Technical Skills

- Programming: C++, Python, JavaScript
- Web Basics: HTML, CSS, Bootstrap
- Backend Basics: PHP
- Database: SQL (Queries, Views, Procedures, Transactions)
- AI Tools: n8n (Chatbot Automation), Google Colab
- Version Control: Basic Git
- SEO: On-page, Off-page, Technical SEO

Programming languages

- C++ (OOP, DSA, File Handling)
- Python (AI & Data Science Basics)
- JavaScript
- PHP
- SQL

Projects & Experience

- AI Chatbot using n8n Automation
- Jarvis AI Assistant (Basic System)
- Smart E-Voting System (C++ with OOP)
- Hotel Management System (SQL Database)
- Smart Home Simulation System (C++)
- SEO Optimization (On-page, Technical, Off-page)

AI & CS Domains

- AI, Machine Learning, Deep Learning
- NLP, Generative AI, Agentic AI
- Computer Vision (Basic)
- Software Engineering (OOP)
- Database Systems
- Digital Logic (K-Maps, Flip-Flops)

Education

Superior University of lahore

2024 - 2028

BS Computer Science (Continue)

Superior Collage

2022 - 2024

ICS (Intermediate)

Skills Summary

- Hardworking
- Quick Learner
- Problem Solving
- Time Management
- Team Work

Skills Summary

HTML, CSS, Bootstrap 85%

AI & Automation (n8n, Chatbots) 80%

C++ (OOP, DSA) 85%

Python (AI/ML Basics) 70%
